CORE FEATURES

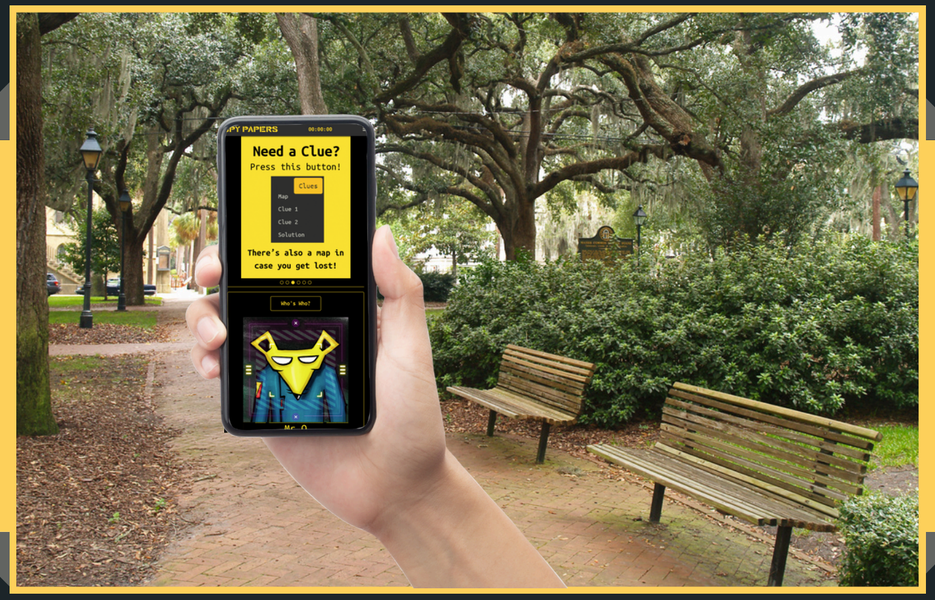
OVER 30 BUILDING BLOCKS

including media players, digital tabletop, panorama viewer and Augmented Reality

SUPPORT TICKETING SYSTEM

players can report problems inside the game so you dont have to check the routes

CORE FEATURES



SELF SERVICE HINT SYSTEM

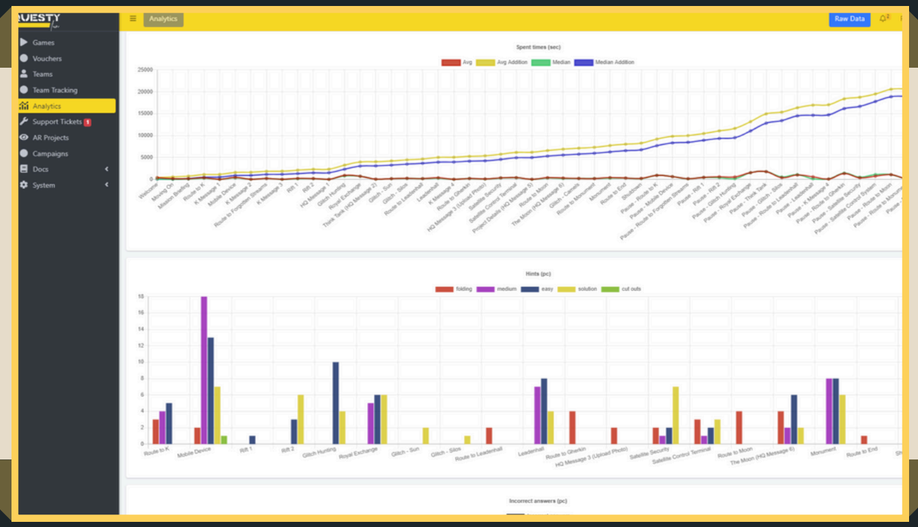
so your players are never stuck on a puzzle and

no need for staff members to run the games

DEBUG MODE AND ANALYTICS

to easily track team progress, find issues and to

test your puzzle designs



EXAMPLE USE CASE

OUTDOOR ESCAPES

Guide your players through the city or the meadows. Let them enjoy the scenery while solving puzzles.

EXAMPLE USE CASE

CORPORATE GAMES

Handle a large number of players scattered across multiple teams and monitor their progress with built-in team tracking features.

EXAMPLE USE CASE

MARKETING GAMES

Present a single puzzle to solve for a chance to win your latest product and collect email addresses while doing so.
